## NEWS & NOTES

### **ALERT!!!**

**We've just learned that an application has been filed on September 30, 2016 with the city Planning Department. The applicant, IMT Weddington LLC, is filing to construct 200 condominiums at Weddington Golf and Tennis.**

**It is not yet know whether the present Draft Environmental Impact Report (DEIR) can be used or whether a new DEIR will be required. This determination will be made later, probably by the Planning Department.**

**Our legal counsel and other experts have been informed of this development.**

**Stay tuned and stay vigilant!!**

**Your friends at Save LA River Open Space**
